OBITUARY.

Wherefore it pleased the Lord to call him from this community August the 19th 1901, Irwin Edmon at the age of 18 years 2 months 2 days. He was a son of James and Margaret Edmond and a grandson of Rev. D. K. Leslie. He was in the bloom of life, had bid fair for a long life, and was of good morals, although not a Christian at the beginning of his sickness. He was stricken with a peculiar disease. Medical aid was summoned, but no relief was accomplished. His father and mother becoming alarmed at the dreadful disease, began to inquire if it was the Lord's will to call him from his earthly home. He was ready to go. He manifested a desire to be saved, and we had prayer with him, then rehearsed some of the Lord's promises. On the next day he requested his uncle G. W. Leslie to go and notify the members of the church to come and pray for him. He seemingly was bearing his painful afflictions with great patience. He manifested a desire to get well so he could work for the Lord, as he thought he would be instrumental in helping to save some souls. On Friday night before he died, those present thought he was dying, but he was only realizing the future state of a soul. He felt that he was sinking into the bottomless pit, and uttered an agonizing cry for help, holding both hands up and calling for them to catch him. The father and mother grasped his hands, and told him that God could save to the very utmost those that trust him. Tightly grasping their hands, he cried time and again, as fast as he could speak, "Lord save me! Lord save me!" He was in this condition for some time, whilte others were failing and prayers going up. At last the grasp of the hand began to loosen, and with a smile he exclaimed, "The Lord has saved me." He rested for a while then requested them to prop him up so he could talk. It then told them how the Lord had let him down to see the woeful end of neglected souls, and his narrow escape. He requested his friends to meet him in heaven.

His sufferings were great, but at last the Lord said to Irvin, it is enough. The remains were taken to the Newcomb church, Funeral by Rev. N. R. Rogers. Body interred in the Harmon cemetery.

BUFFALO, N. Y., Sept. 9.—The X-Ray machine arrived shortly after 10 o'clock Sunday and a few minutes afterward, when the president was being seen by the famous surgeon, drove hastily up to the residence.

SECRETARY CORTEZIO AND MR. MILLBURN.

The president, who was free from pain for the first few hours after the shooting, lay in a great pool of blood. She was stone dead. He was breathing, but he died shortly after. Mrs. Bornwasser was a very attractive woman, and used to be a sweetheart of Dwellley.

thanksgiving that rose in their throats. And the pain, which had been at their post for 8 hours continuously, remained steadfastly throughout the day in the little white walled room across the hall from the hospital where the country's patient lay, and dashed the news over land and sea, and yet despite all means of danger, not one of his physicians, nor one of his advisers, who is admitted to the room, has declared that he is. But if he continues to improve for one day, the danger is most dreaded, and have practically disappeared.

Thus far the bullet of assassin, which has given the physician no anxiety. But if the slightest inflammation appears in the region of the head, it may be extracted. No difficulty is anticipated in this regard.

A DOUBLE TRAGEDY.

CORINTON, KY., Sept. 10.—At noon Monday neighbors heard shots from the third floor of the tenement house at 321 Montague street. In the room was found Harvey Dwellley, aged 24 lying on the floor with a bullet in his breast and one in his temple. He was alive. Across the body lay Mrs. Anna Bornwasser, aged 24, with a hole in her temple. She was dead. The tragedy occurred in the kitchen of the woman's apartments.

Dwellley lived in the same house, Mrs. Bornwasser lived right above him with her husband, Frank B. Bornwasser, who is employed in the freight department of the C. & O. Cincinnati. Dwellley was desperately in love with her, but it is not known whether it was reciprocated.

After her husband had left after lunch Dwellley went up to Mrs. Bornwasser's apartments. What transpired is not known, but half an hour later the shots rang out. When neighbors broke into the kitchen they were shocked at the terrible sight. Both Dwellley and the woman lay in a great pool of blood. She was stone dead. He was breathing, but he died shortly after. Mrs. Bornwasser was a very attractive woman, and used to be a sweetheart of Dwellley.

MEETING IN LOUISVILLE.

RESOLUTION PASSED DEMANDING A VIGOROUS LAW AGAINST ANARCHISTS—SPRINGFIELD FOR MCKINLEY.

Louisville, Ky., Sept. 10.—"No threat of imperialism in this country can compare with that condition which would make it necessary always to hedge about our highest officials with military protection. But if systematic murder is allowed, to stalk unrepresented over our land, we shall reach a period when armed guards must surround every official and even be stationed in our courts of justice."

These words were the keynotes of resolutions adopted Monday night at a meeting of 2,000 citizens of Louisville at the Auditorium. A demand was made for vigorous laws against anarchists and deepest sympathy was expressed for President McKinley.

Speeches were made by R. W. Knott, editor of the Evening Post; Rev. E. L. Powell, Judge A. P. Humphrey, Rev. Dr. J. C. Minnegerode, Hon. Henry Watterson, editor of the Courier Journal, and others.

AFTER GRACE ELDRED.

THOMAS W. LAWSON OFFERS CHARLES MARVIN \$5,000 FOR THE DAY FIFTH.

LEXINGTON, KY., Sept. 9.—Herbert Dowdles invited Evanston Tuesday night and dedicated their tabernacle in that suburb. When their special train started back to Chicago they were given a parting volley of rocks, eggs and decayed fruit, which broke six car windows and injured two of the party. A number of the others were spattered with eggs.

It was only the fact that the Dowdles thought better of their determination to hold an outdoor meeting, and to the excellent protection they received from the police, that prevented them from being mobbed.

WAGON STRUCK BY A TRAIN.

TWO GIRLS WHO WERE IN THE WAGON WERE CARRIED FOE A BLOCK ON THE PILOT OF THE ENGINE.

HOPE GROWS STRONGER.

THE CHANCES OF THE DISTINGUISHED SUFFERER'S RECOVERY HAVE GREATLY IMPROVED.

BUFFALO, N. Y., Sept. 9.—Through a quiet, peaceful Sabbath every word of comfort and encouragement was given to the sick. The physicians of every government in Europe have expressed their sympathy. Not only King Edward, the Emperor of Germany, and the King of Italy, but also the King of Portugal, King Oscar, of Sweden, and the King of France, and when unconscious of semi-conscious means lie in agony. When completed, however, he bravely gives no sign of suffering.

PHYSICIANS OF WIDE REPUTATION.

Dr. McBurney is considered one of the leading surgeons of the country, and though his name is not mentioned, he is destined, although the president's advisers have the highest confidence in Dr. Park, who also enjoys the highest reputation in surgery. Indeed, he is considered by far the ablest surgeon in this part of the state.

These words were the keynotes of resolutions adopted Monday night at a meeting of 2,000 citizens of Louisville at the Auditorium. A demand was made for vigorous laws against anarchists and deepest sympathy was expressed for President McKinley.

Speeches were made by R. W. Knott, editor of the Evening Post; Rev. E. L. Powell, Judge A. P. Humphrey, Rev. Dr. J. C. Minnegerode, Hon. Henry Watterson, editor of the Courier Journal, and others.

SENATOR BAILEY.

HE FAVORS LEGISLATION THAT WOULD PREVENT ANARCHISTS FROM COMING TO THIS COUNTRY.
